Where it all begins

USPC Horse Management Handbook

Overall Changes to 2015 HM Handbook

- 2014 date changed to 2015 throughout document
- All 2014 Newsletter changes/corrections done.
- Uniform Officiation Rules pgs. 10-18 Part 2 were moved to Part 1 and are now pgs. 27-36. (Deleted from Part 2)
- Index is listed in Table of Contents for each Part 1, 2 and 3. There are three separate indexes.
- Term 'centers' was added throughout document where appropriate.
- Term 'rating' changed to 'certification' where appropriate.
- Increased title font for USPC HM Required Equipment Checklist Amplification
- Minor spaces or letters left off of type in only a few spots now corrected.

HM1–1b Horse Management at USPC Rallies

C+ Turnout Inspections

Old:

At USPC Rallies, Competitors are evaluated according to their Horse Management certification level, not their Riding certification level.

- C+ and H-B Competitors will be evaluated according to the C-2 Horse Management standards including Turnout Inspection, bandaging and longeing.

HM1–1b Horse Management at USPC Rallies

New:

At USPC Rallies, Competitors are evaluated according to their Horse Management certification level, not their Riding certification level.

- **H-B Competitors will be evaluated according to the C-2 Horse Management standards.**
- **C+ Competitors will be evaluated according to the C-3 standards for turnout, bandaging and longeing.**

HM6–6h Communication / Electronic Devices

Changed wording for bullet #3

Old:

The use of cell phones and other communication devices, such as handheld data managers and computers, is in accordance with the discipline rules for the competition. For example:

HM6–6h Communication / Electronic Devices

New:

Competitors may use electronic devices (e.g., laptop, smartphone, tablet, e-reader) to store and retrieve the HM Rulebook, Discipline Rulebook, and any current newsletters at USPC Rallies. Rulebooks/newsletters must be available for use by all team members at any time. Therefore, readability, mobile data access, device password protection, battery life, and charging capabilities must all be considered by competitors using this type of technology for this purpose.

HM6-6o Leaving the Barn Area During the Competition Day

Old:

The CHMJ will announce any specific expectations regarding leaving the barn area, during the Initial Briefing. Some examples of possible expectations are:

- Requiring that the team communicate to the discipline's HM office that the team is leaving
- Signing out/signing in from the barn area
- Specific daily barn open and barn closing procedures

HM6–6o Leaving the Barn Area During the Competition Day

New:

The CHMJ will announce any specific expectations regarding leaving the barn area during the Initial Briefing, to include feeding, barn opening and closing procedures.

HM6–6c Drugs & Medications

New:

Competitors must note any prescribed medications and/or health related conditions on the USPC Medical Card. **Please refer to the Medical Armbands and Bracelets policy detail in 7b.**

Old:

Competitors must note any prescribed medications and/or health related conditions on the USPC Medical Card. ~~**A current copy of the form must be maintained in an armband and is required to be worn at all USPC Rallies and activities.**~~

HM6–6i Competitor ID During Rally

New:

Competitors must wear their pinny or other form of ID designated by the Organizer as well as their Medical Armband (**containing their current USPC Medical Card**) or **Medical Bracelet** (see 7b for details).

Old:

Competitors must wear their pinny or other form of ID designated by the Organizer as well as their Medical Armband containing their current USPC Medical Card.

HM7-7b General Requirements for Attire at all Times at USPC Activities

Old:

Medical Armband

Members must wear an armband on either upper arm with a copy of their current, complete and signed USPC Medical Card at all times while on competition grounds.

HM7-7b General Requirements for Attire at all Times at USPC Activities

New:

Medical Armband/Bracelet

Members must wear an armband or a medical bracelet while on competition grounds.

Policy detail:

Medical Armbands must include a current completed copy of the individual's USPC Medical Release. It must be worn on the upper arm. If the member has small arms, he/she may safety pin the armband to his/her upper sleeve. Armbands are available for purchase from shopponyclub.org.

HM7-7b (continued)

New:

Medical Bracelets must visibly list these five items on them:

- (a) name and date of birth;
- (b) emergency contact information;
- (c) known allergies;
- (d) current medications; and
- (e) existing medical conditions.

More information is acceptable, but these five items are required to be on the bracelet.

HM7-7i Attire for Turnout Inspection

New:

Added Navy Blue and Charcoal Gray for Helmets

Proper Attire for Turnout Inspection

Certification	Unrated & Non-qualifying D	Qualifying D, All C-1 – A	
	Safe, neat and clean, following the requirements below. Correctly informal or formal is optional at this level.	Either correctly informal or correctly formal. The combination of footwear, jacket, neckwear and pant color determines whether the attire is considered informal or formal.

HM11–11d Buckets and Feed

New:

When buckets are hung, they must be attached securely to the wall.

- **Stall buckets for water must be of rigid construction.**
- Flat-backed buckets require one attachment point to the wall.

Old:

When buckets are hung, they must be attached securely to the wall.

- Flat-backed buckets require one attachment point to the wall.

HM12–12d Labeling Equipment

New:

All equipment must be clearly labeled in such a way that it is easy to identify the owner, so the item(s) can easily be returned.

For example:

- **All Individual Equipment (HMH pg. 31)** must be labeled with the Competitor's name or number.

Old:

- Individual equipment items must be labeled with the Competitor's name or number.

HM13–13b Water

New:

The minimum requirements at USPC Rallies are:

- One-day Rally: 1 – five gallon bucket **(or the equivalent)**
- Overnight Rally: 2 – five gallon buckets (or the equivalent)

Old:

The minimum requirements at USPC Rallies are:

- One-day Rally: 1 – five gallon bucket
- Overnight Rally: 2 – five gallon buckets (or the equivalent)

HM15–15a Horse Inspection Procedures

New:

All mounts within each discipline will be judged using the same procedure **per current discipline rulebook:**

Old:

All mounts within each discipline will be judged using the same procedure:

A6 Inquiries, Protests and Appeals (Mounted)

6a. Procedures

Section updated. New wording
available in 2015 Discipline
Newsletters.

Part 1 – RULES FOR RALLIES

A6 Inquiries, Protests and Appeals (Mounted)

6a. Procedures

All inquiries, protests and appeals must be made in a polite and courteous manner. Abuse of the procedure or rude behavior may be penalized up to and including disqualification from the competition.

Inquiries

- Must be initiated within 30 minutes from the time the score sheet(s) are posted.
- Made in person by:
 - The Competitor involved (when competing as individuals).
 - The Team Captain, if Competitor is on a team (when competing as teams). The Competitor involved may go with the Team Captain.
- Made to the Phase Steward (if the Phase Steward is not available, competitors should record the inquiry with the Discipline/Show Secretary).
- If the Team Captain is riding when scores are posted and will not be available within the allowed 30 minute period, other team members must notify the Phase Steward that an inquiry is likely.

Protests

May be initiated if the Team Captain/Individual Competitor disagrees with the Phase Steward's decision on an inquiry. Protests are made to the TD.

Protests must:

- Be made in writing, using the official Protest/Appeal Form (signed by the Team Captain/Individual Competitor), containing the references to the rules covering the reason for the protest.
- Delivered within 30 minutes of the TD/Steward decision on the inquiry to the Discipline/Show Secretary.

The decision of the TD is final.

Appeals (at Championships only)

May be initiated if the Team Captain/Individual Competitor disagrees with the Ground Jury decision on a protest. Appeals are made to the Appeal Committee.

Appeals must:

- Include the written Protest/Appeal Form forwarded to the Appeal Committee.
- Delivered to the Discipline Secretary within 30 minutes of the Ground Jury's decision on the protest.

Five (5) penalty points will be accessed to the Team/Competitor should the appeal fail or be considered frivolous. Successful appeals will not be accessed penalty points. The decision of the Appeal Committee is final.

Officials are to investigate and answer all inquiries and protests as soon as possible and make their answer back to the team/competitor in a timely fashion. It is understood that during a competition everyone is busy; however, this is an integral part of your duties as an official.

It is suggested that Discipline offices maintain an inquiry log book that contains the time, date, and contact information of competitor/team and an explanation of the inquiry. Officials will review the inquiry and post the date/time and result of the investigation. Officials should make every effort to find the competitor/team to deliver their answer in person as well as in the Inquiry Log Book.

A7 Heat Related Illness

7a. Overview

At all USPC activities, Rally Officials must consider the:

- Temperature and humidity using the "Heat Index Chart".
- Time of day and season of activity
- Level of exertion necessary for participation in the activity.

7b. Prevention

Take steps to prevent heat related illness.

- Unlimited cool water must be constantly available for consumption in ALL areas, especially riding areas. The importance of hydration cannot be overstated. Make water breaks mandatory.
- Do not depend on thirst as an indicator of the need for water.
- Avoid the hottest part of the day if this is an option.
- Consider shortening the length/level or exertion of the activity.

7c. Heat Index

The Heat Index (HI) or "Apparent Temperature" is the temperature the body feels when heat and humidity are combined. This reduces the amount of evaporation of sweat from the body and outdoor exercise becomes dangerous even for those in good shape.

Appendix F-1 Horse Management Protest Form

New: (Photo Added to Handbook)

Water Buckets

Unacceptable: “Pickle” buckets, **flexible ribbed garden buckets**, or buckets less than five gallons.

USPC HM Required Equipment Checklist Amplification

Old:

Extra Equipment Purpose

Each team must come to Rally with certain pieces of extra equipment in case a piece of tack breaks or is not safe or suitable at Rally. This means that if a rider breaks a stirrup leather, or if a girth is found to be unsafe, the team must have enough extra equipment to replace the item. Since all the equipment a competitor uses must be in the tack room at the beginning of the Rally, all extra or replacement equipment must be there as well. Every piece of extra equipment could be called into use at a moment's notice, so it must be Turnout Inspection clean to the highest certified member of the team who would use that piece of equipment.

USPC HM Required Equipment Checklist Amplification

New:

Extra Equipment Purpose

It is anticipated that equipment may break or be lost during a competition, and the expectation is that competitors will replace these items with items from the Required Extra Equipment. Therefore, Extra Equipment used to replace items that are lost or broken during the course of a competition will not be penalized.

However, equipment that was not brought to the rally and must be replaced with items from the Required Extra Equipment will result in a penalty. Example: If a competitor forgets his/her bridle and has to use the spare = penalty. If the reins break and a competitor has to use the spare = no penalty.
