Additional Information:

The purpose of this rally is to provide an opportunity for those members new to rallying to be exposed to the rally atmosphere without having to worry about the horse. This is a non-competitive, educational rally. There will be an award for the team with the most original horse and participation awards for all.

Teams will consist of 3 or 4 'Riders' with a C Advisor (required). Tack rooms will be set up in stalls in the barn. Teams will set up one complete tack room each, as if all 'riders' were riding and had horses onsite. Teams will also set up one stall (**NO** bedding) for the inanimate horse, as if this were a two-day (overnight) rally – don't forget a Stall Card for your horse! Teams are not required to bring hay or feed items that would be placed in a feed room. A sample feed room will be set-up for purposes of training Assistant Horse Management Judges (AHMJ's) and for participants' information. Competitors should bring chairs for their tack stalls, if possible.

One 'rider' (team member with highest HM certification) is to have correct riding attire and tack (saddle, bridle, saddle pad, etc.) as if they were riding for the Turnout Inspection. This team member will be judged at Turnout inspection. The participant dressing for Turnout Inspection should wear proper attire for the member's certification level at a dressage, eventing, or show jumping rally. The member will also present one complete set of tack to be inspected. The Turnout Inspection Form can be found in the 2023 Horse Management Rulebook, Appendix D-5, starting on page 63. **All** team members will attend the inspection with their teammate and should **bring their helmets** for a Helmet Safety Check in conjunction with the Turnout Inspection. They do not need to bring tack.

The most recent Horse Management Handbook is required and any one of the discipline rulebooks. The Required Equipment Lists are included in the Horse Management Handbook. Please note the Horse Management Newsletter along with all USPC rulebooks can be found on the USPC website at <https://www.ponyclub.org/Members/Rulebooks.aspx>

Teams are required to have the following equipment (Up to 2 teams may share this equipment):

- Equine First Aid Kit
- Human First Aid Kit
- Utility Kit
- Tack Cleaning Kit
- Tack Room Equipment
- Extra Equipment

Teams must have at least **one of each of the following:**

- Grooming Kit
- Individual Equipment
- Stall Equipment

As each team will not have a separate feed stall, the Cleaning Equipment and Feeding Equipment are not required at this rally.

Ride times will be assigned and distributed at the initial briefing. Participants should be prepared to 'ride' the dressage test and the stadium jumping round on foot and to salute the judges as appropriate. The dressage test to be performed will be 2019 USDF Introductory Level Test A. The test may be found at the following website: https://www.usdf.org/docs/showflash/web/tests/2019/Intro_Test_A.pdf?t=2/11/2021%20:41:45%20PM . The stadium course will be posted onsite the day of the rally.
